DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-3, 7-9, and 14-15 are rejected under 35 U.S.C. 102(b) as being anticipated by McKay (6434808).

McKay discloses the claimed invention as disclosed in claims 1-3, 7-9, and 14-15. McKay discloses a swaging tool having a housing (20), a piston rod (22) with a stop and retainer (24), a piston (50), a ram (42), a spring (18), and a second engagement member (11).

Allowable Subject Matter

3. Claims 4-6 and 10-13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

4. **Applicant's arguments filed 4/27/06 have been fully considered but they are not persuasive.**
5. **Applicant has stated the examiner has not established a prima facie case.**
 - a. Applicant has not considered what the examiner is saying. Element 22 is stated as being a stationary piston and element 42 translates along element 22.

The reference is being read this way. The arguments are off point because they do not address the issue of the rejection.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
